

# 4<sup>th</sup> INTERNATIONAL WEEK

## Dear Colleagues,

West Ukrainian National University is pleased to announce its 4th International Week. The event will be held from 6 to 9 of September 2022.

In the time of war and conditions of full-scale invasion, in the face of dire circumstances and challenges, we must continue work despite any obstacles so that Ukraine may preserve and expand its potential in education and science. We must do everything in our power to bring the victory ever closer and restore peace within our borders.

This year the topic of the Fourth International Week is "International Communications in Education and Science During Wartime".

It is our pleasure to invite you to attend the 4th International Week, so do not miss out on the chance to take part in this event!

## About WUNU IW

The tradition of the International Week started in 2019, when the event held at University bore effective results, becoming both an achievement and a recognition.

WUNU IW 2022 is an international forum to present the latest research concepts, exchange ideas, developments and applications in all topic areas of WUNU IW. The International Week also gives participants the opportunity to broaden and strengthen cooperation between partner institutions in both educational and/or research projects. It is a great opportunity for you to network with colleagues from different countries and universities!

Foremost, we hope that this year the International Week will provide the opportunity to connect with partners, albeit remotely, to express our sincere sentiments of gratitude for all the aid and support in the time of a full-scale war and Ukraine's fight against the enemy.

Due to the current situation, the 4th International Week may be partially or fully held online. All or some of the presentations, including lectures by guest speakers may be presented remotely.

It is our pleasure to invite you to attend the 4th International Week, so do not miss out on the chance to take part in this event!

# ADDITIONAL INFORMATION

We invite You to join and register for events in the 4th International Week.

## Amendment Notice

In response to the situation, over the next few weeks, the Program Committee will be adapting the schedule of the IW to better take advantage of the special features that a virtual meeting may provide.

There is no participation fee. However, participants should cover the cost of travel.

Academics are welcome to propose lectures on a variety of topics.

## Preliminary Programme in brief:

- Presentations of participants;
- Key note lectures;
- Workshops and consultations;
- Trainings and mini-courses;
- Round table;
- Networking with colleagues from a range of international institutions.

***Detailed programme will be sent later.***
