

Weekly announcement leaflet

The Delegation of the European Union to Ukraine will, on a weekly basis, produce an announcement leaflet on the events scheduled to be held in the EU and Ukraine for a coming week.

The leaflet will cover the most topical and timely events – summits, high-level meetings, roundtables, conferences, etc. – that will take place in the EU and Ukraine and which directly target Ukraine’s European integration and its relations with the EU.

The Delegation of the European Union to Ukraine encourages journalists, EU-focused experts, Ukrainian NGOs, local authorities, etc. to freely use and disseminate leaflet information

Announcements: 15 – 21 June

Events in Ukraine

Date	Event	Location	Relevant information
15-19.06.	European Sustainable Energy Week in Ukraine	Vinnytsia, Kherson	The EU Sustainable Energy Week, an initiative of the European Commission that first took place in 2006. It is designed to spread best practices, inspire new ideas and build alliances to help meet the EU’s energy and climate goals. Through bright activities all over Europe it showcases renewable energy solutions and how each of us can live a more energy efficient life More information: http://eusew-ukraine.net/
