

Erasmus+ international centralised actions - What to expect in 2020

The information below is only a snapshot of the main changes planned to the international dimension of Erasmus+ in call 2020. Applicants should consult the 2020 Programme Guide and supporting documents when preparing their proposal.

For those familiar with the application process, note that a **new platform will be used for applications** this year.

Erasmus Mundus Joint Master Degrees

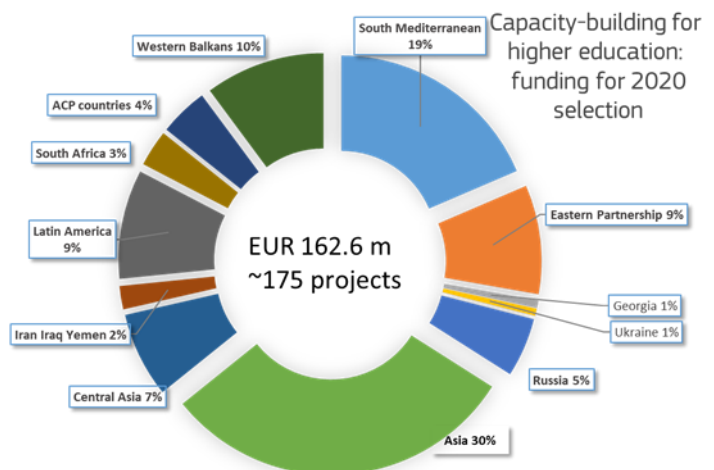

The deadline for applications is **13 February 2020** at 17:00 (Brussels time, CET) for projects starting between 1 August and 31 October 2020. It is planned for select 47 new master programmes. In contrast to 2019, the 2020 Call will not be inviting proposals for EU-Japan joint Master programmes.

Capacity Building in Higher Education

The deadline for applications is **5 February 2020** at 17:00 (Brussels time, CET). CBHE projects can start on **15 November 2020 or 15 January 2021**, and run for 24 or 36 months.

Budget envelopes and Partner Countries

The 2020 budget will be broadly similar to the previous call's budget, both in terms of overall size and in terms of the number of envelopes. In addition to **10 budget envelopes** covering each region of the world, the European Commission is providing additional funding for Georgia and Ukraine. Uruguay and Chile may once again take part in – but not coordinate – CBHE projects. See the Programme Guide for the conditions applying to their participation.

Jean Monnet activities

The deadline for applications is **20 February 2020** at 17:00 (Brussels time, CET) for projects starting on 1 September 2020.

Priority countries/territories eligible to apply for an additional **€3.5 million Partnership Instrument (PI) budget** are (indicatively): Australia, Canada, China, Hong Kong, India, Indonesia, Japan, Korea, New Zealand and South Africa.
